- WordPress less experience than DLE

EDUCATION

SECONDARY SCHOOL

Rīgas 93. vidusskola
2009 - 2021

WEB-DEVELOPER

Geek Brains
2015 - Present

ABOUT ME

I would like to apply for the opportunity to work and gain experience in a company where I can develop my programming skills. I am looking for a job that I can combine with my studies. I have completed my general secondary education at Riga 93rd Secondary School and am currently studying at Riga Technical University, Faculty of Computer Science and Information Technology. The experience I have gained so far as an event tuner at the 93rd Secondary School proves that it is easy for me to find a common language with 90% of the people I have met on my life path. My work experience shows that I can analyse and find different solutions in different situations. Looking forward to the future, I want to gain as much experience as possible from professionals and take on different challenges.

EXPERIENCE

DEVELOPER / TECH SUPPORT

torrent-igruha.org / torrent-mania.net / tapochek.net
2015 - Present

- Development assistance
- Working with the PHPMyAdmin database
- Tech Support
